1955 Price List

JUL 27 1955
U.S. DEPT. OF AGRICULTURE

Dear Friends:

Our tall bearded irises were injured to such an extent in the March freeze last spring, that we are unable to issue a listing of them this summer. However, the Lilliput Hybrids not only withstood four days of below twenty temperature while in bud, but actually went on and bloomed fairly well.

We are offering no new varieties this year. The 1953 and 1954 introductions are listed below both individually and in attractively priced collections. We can recommend these Lilliput Hybrids to you as being hardy, floriferous and very attractive.

Geddes Douglas

1954 INTRODUCTIONS

Small Wonder - (Helen McGregor x pumila blue) clear, medium blue self, 12 - 13" \$2.00

Tinkerbell - (Helen McGregor x pumila blue) The flowers are flaring, stiff and ruffled. Light blue overlaid deep icobella blue. Beard is white \$2.00
